CONCRETE BENEFITS

Use Coverland concrete roof tiles and you'll be covered for the next 50 years!

Durable and longer-lasting

Maintenance-free

Cost-effective

Variety of shapes and colours

Easy Order, Fast Delivery

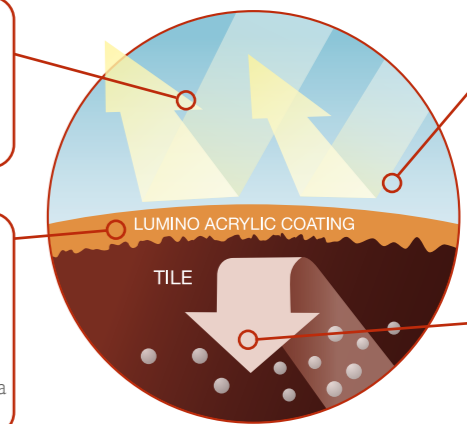

Monier Technical Centre's exclusive mix design and process control ensures the highest performing tiles and consistency for over 100 years.

LUMINO TILE BENEFITS

UV-Resistant
Tested with European standard QUUV test, simulating 10 years of extreme sunshine and rain falls.

Ultra Solid Finish
Extremely durable and smooth surface through L²-filming technique® (tightly bonded polymer particles seal the porous surface and create the ultra solid and resistant finish).

Unique Vibrant Colour

Prevents Efflorescence
Eliminating efflorescence by sealing pores, preventing salt and minerals from rising to the surface of the tile.

Disclaimer: The printing process, age and lighting conditions may affect the appearance and colour of these illustrations. Monier Roofing recommends you examine an actual sample tile of your colour choice before making your buying decision. Special colours are available on request. Contact your nearest outlet for further information. * Only available inland. ** Only available in KwaZulu-Natal and Free State.

ROOFING COMPONENTS

CONCRETE ROOF FITTINGS

- V-ridge Hip Starter
- "V" Ridge Tile
- "V" Vent Ridge
- Mono Ridge
- Tapered Hip Starter
- Tapered Ridge
- Tapered Vent Ridge
- Rake Verge

COMPACTRIDGE

For a dry and healthy home

The only ventilating ridge system that prevents leaks and is maintenance-free.

BENEFITS

- No cracking or leaking normally attributed to mortar applications as well as a ridge and hip-line free of maintenance.
- Stormproof.
- Ensure your health and the health of your roof by allowing ventilation, thus preventing mould.
- The most cost-effective solution with respect to material and labour.
- Installed in one third the time compared to traditional methods.

Enviro E+ AGREMENT SOUTH AFRICA

EASYFLASH

Easily sealed for 15 years

The only roofing abutment solution that seals for 15 years in any weather condition and is maintenance-free.

BENEFITS

- Super adhesion due to its special high performing CH bond butyl glue.
- Simple Roll and Stick installation in one third the time compared to traditional methods.
- On average costs one third less than traditional methods over its lifespan.

EAVE FILLER/COMB

UNDERTILE MEMBRANE

TOUCH-UP PAINT

Lumino Tile touch-up paint to paint your cut tile edges and make them as brilliant as your Lumino roof surface.

RADENSHIELD

Controlling your home's climate and costs

The proven solution that keeps your home cool in summer and warm in winter.

BENEFITS

- Feel and sleep better due to a more comfortable environment. Insomnia can lead to depression and illness.
- Your roof is very important in controlling the climate in your home as 80% of heat radiation enters through the roof.
- RSL™ creates a shield against nature's harsh elements and controls your home's climate.
- Save R2 500/year through energy cost reduction*. This means that you make your investment back in less than a year.
- Builder friendly due to its sturdy nature yet flexible enough for quick and easy spanning.

Enviro E+ AGREMENT SOUTH AFRICA SANS 428

*Scientifically tested by the Monier Technical Centre, based on a 90m² room with a regulated temperature of 22°C.
