

# Coating

## SIPLAST SILVER COAT

A one-component liquid applied aluminium reflective bitumen coating for coating bitumen waterproofing membranes, metal roof tops and liquid bitumen waterproofing systems.

### BENEFITS

- Highly reflective : Solar Reflective Index (SRI) 80 (ASTM E1980 – Reduces inside temperature under the roofing of up to 6°C \*)
- Significantly increases the longevity of the bitumen membrane when applied in accordance to BMI Icopal waterproofing maintenance guidelines
- Protects the roof from UV rays
- Anti-corrosive properties
- Chemical resistant
- Free of heavy metals
- For new or existing roofs

### APPLICATION

Icopal Siplast Coat is suitable for use on waterproofing membranes, metal roofs and liquid waterproofing systems.

### ISO 9001

Siplast is a certified ISO 9001 compliant company.  
Siplast has been awarded the Bureau Veritas Certification.

### IMPORTANT NOTE

This data sheet is issued as a guide to the use of the product(s) concerned. Whilst Icopal endeavours to ensure that any advice, recommendation, specification or information is accurate and correct, the company cannot – because Icopal has no direct or continuous control over the where and how Icopal products are applied – accept any liability either directly or indirectly arising from the use of Icopal products, whether or not in accordance with any advice, specification, recommendation or information given by the company.

### TECHNICAL ADVICE

Consult Icopal South Africa for additional information on your waterproofing project.
